

OHS&E Policy Statement

(WA) P/L

Commitment to OHS&E

The Company is committed to the occupational health, safety and welfare of all our employees, contractors, subcontractors and visitors to our workplace. The Company is equally committed to protecting the environment and minimising the environmental impact of our operations. The Company will comply with the Occupational Health & Safety Act and Regulations as far as is reasonably practicable.

Occupational Health and Safety and Environmental Programmes

The Company knows the importance of continuing to develop OHS&E policies & procedures for our employees and workplace. The Company aims to cover all areas of OHS&E in our workplace. The Company will develop them in order of priority.

OHS&E Consultation

The Company has agreed on consultation arrangements with our employees. The Company encourages input from all personnel in all areas of OHS&E through the consultation process.

Management Responsibilities

Management will promote, maintain and contribute to the OHS&E of all personnel in our workplace. Management will identify hazards, assess risks, eliminate or control risks and review the effectiveness of the OHS&E policies and procedures on a regular basis.

Employees

Employees must co-operate in OHS&E policies and procedures to ensure their own health and safety and that of others in the work place, and participate in further development of the programme.

Contractors and subcontractors

All Contractors and subcontractors who perform work for the Company are required to comply with 'on site' Policy and Procedures and the OHS&E Act & Regulations, and Metalcon (WA) P/Ls policy and procedures. Contractors and subcontractors will be required to complete a contractor's compliance statement when requested.
